A Wisconsin Nutrition and Physical Activity Intervention

Tools For Action

An inventory of nutrition and physical activity interventions in Wisconsin

Intervention Name

Chippewa County Council on Homelessness and Hunger - Agnes' Table

Intervention Information

| |
|--|
| Type of Intervention: Nutrition Environment |
| Focus Area: Adequate food |
| Intervention Site or Setting: Community |
| Scope of Intervention: Individual sites |
| Target Audience: All races, genders and ages |
| Total Population in Area Served: 13,000 |
| Number of Participants: Average of approximately 40 individuals/week or 57 meals/week. A total of 2,981 guest meals in 2004 of which 578 were children's meals |
| Implementation Status: Ongoing since 11/03 |

| |
|---|
| Partners: Local faith community Starting Points, Incorporated |
| Unique Funding: Chippewa Area Community Foundation provided start-up funds for capital equipment, local service organizations donate all of the food as well as \$25 to support utility costs each week, private donations support expendable supplies, private grants are written in an effort to raise funding necessary to eventually support a paid site coordinator. In 2004, MCH mini-grant funding supported some time of the health department's nutrition staff to organize and maintain meetings of Agnes' Table as well as participate in meetings, project planning, etc. |
| Evaluation: Service Provision |
| Evidence-Based or Best Practice based on Modeled after the Community Table meal site in Eau Claire County |

Products Developed or Materials Used:

Policies and procedures for operation of this community meal site. Quarterly newsletter for community partners and volunteer meal host groups.

Intervention Description:

Tuesday evening free community meal held at local church is sponsored, prepared and served by community service organizations and administered by Agnes' Table Committee under the auspices of Starting Points, Inc.
